## Pesticide Application Registry Notice

Dear Parents, Guardians, and Staff:

Warren School District practices Integrated Pest Management, a program that combines preventive techniques, non-chemical pest control methods, and the appropriate use of pesticides with a preference for products that are the least harmful to human health and the environment. Applications of pesticides are made only when deemed necessary to control a pest problem and after trying other means to control the problem. The term "pesticide" includes insecticides, herbicides, rodenticides, and fungicides. We are establishing a **registry of people who wish to be notified prior to pesticide applications**. To be included in this registry, please complete the "Pesticide Application" portion of the Warren CUD# 205 Permission Form included in your child's registration packet.

---

**PLEASE BE AWARE THAT PESTICIDES ARE ONLY APPLIED WHEN STUDENTS ARE NOT PRESENT IN THE BUILDINGS.**
